

Shapes/Layouts for MCP (microcontact printing) PDMS stamps

Rectangles :20.4 x 61 microns (1:3) , Area~1256 micron²
Center to center, x axis: 95 microns, y axis: 125 microns

Diamonds 90 degree angle: side = 36 microns;
Area ~1256 ; Center to center ~160 microns

Diamonds 60 degree angle : side~42 microns
Area ~1256 ; center to center ~154 microns
*need to recalculate dimensions for this layout

Area = area of the polygon in square microns; all stamps would be ~ 1cm x 1 cm
